Updated 5 years ago, read a complete review, my husband and I really like dinner here this morning. It is always a challenge to find a restaurant that really makes me feel safe in eating out. As soon as
 I mentioned the celiac disease to our server, Molly, she explained that they have a separate grid, pointed out all the selections in the menu that are marked as gluten-free options and assured me that they understand how to control cross contamination in the kitchen. Aaron, the manager, went out at our table three times to ensure that I felt good
 about my meal and to inform me that they receive questions. It was wonderful to be able to relax and enjoy a meal knowing that the team was well trained and was taking care of me. In addition, the food was great, the service was exceptional and the elegant environment. I love this place! Updated 5 years ago, read the full revision updated 6 years
 ago, read the full review, this place is amazing. Very careful with your selection of GF and excellent food and service. Your GF pancakes are the best we've ever had. It is by far our favorite breakfast place. Not every original pancake house has GF menu and pancakes. Updated 6 years ago, read the full revision updated 6 years ago, read a full review,
 we love to eat here!!! They always do a good job of taking precautions and the food is so good!!! Updated 7 years ago, read the full review, I've reviewed this place on Yelp, but I need to disclose the news. This place is not a friend of the celiac, only OPH in Rosedale is friendly. The team here had no idea about Celiac when I visited last October. They
 use the same plate for everything, please avoid. Instead, go to Rosedale, feel free to ignore me and goYou've been warned. On the other hand, the Rosedale site has a separate plate and GF food section. Updated 7 years ago, read the full revision updated 7 years ago, read the full Maple Grove Location, with a great gluten-free menu. In the actual
 menu, not a copy xerox boba in a fishary, but in the actual menu. The chef knew well about GF and security and cross-contamination. The waitress was also very kind and helpful. Updated 7 years ago, read the full review, I missed eating here and really missed my banana pancakes! I was so excited to eat here this morning with my husband that I
 liked every bite!! Yum! When I asked, I made sure to say I'm GF before I said my request. Updated 8 years ago, read the complete review, this restaurant was very qualified on gluten-free items and cross contamination! The food was absolutely delicious and very full! Very impressed!  read a great place to go when wishing great pancakes or waffles. I have always had a great experience and there are many options. Not every place offers gluten-free options. Updated 10 years ago, read the complete review of one of my absolute favorite places to take breakfast and for years. Although they offer gluten-free options* on their menu,
 they specifically state that there is no guarantee against cross contamination, as they do not use separate kitchen equipment for their gluten-free items. The safety ratings team has knowledge and can answer gluten-free questions-lets are marked in the main menu other good features for breakfast/brunch good for good cactus for children good
